

STRUCTURAL previval

“Besides, who would patch old clothing with new cloth? For the new patch would shrink and rip away from the old cloth, leaving an even bigger tear than before. And no one puts new wine into old wineskins. For the old skins would burst from the pressure, spilling the wine and ruining the skins. New wine is stored in new wineskins so that both are preserved.”

Matthew 9:16-17 NLT

IMAGINE...

After God had been prompting me for a couple of years to take FPU, I finally took the class last fall because I am a part of our church's Extravagant Generosity team. At that time God revealed to me that I had given Him control over every area of my life except for my finances. I never considered asking God what He wanted to do with my paycheck, and I was afraid He would demand that I give all of my money away. I was completely wrong! Now that I have taken FPU I can plan to give generously every month without having a panic attack! The Lord used this class to help me find freedom in being able to give generously without feeling guilty or going into debt! I learned to control my money, my money wasn't controlling me. I can now focus on glorifying God through blessing others instead of being filled with worry.
