

MY CIRCLES OF INFLUENCE

Each of us have circles in which we have influence & impact. In these circles are the relationships that represent the various sectors of our lives. As a witness for Christ, these circles are the evangelistic "fishing pond" & the source from which a person is most likely to win others for Christ. As we seek to reach our world, we must begin with those closest to us & those with whom we already have relationships. Consider your circles of influence and in the chart below, write the names of three people in each circle. These people should be those who do not yet know Christ. They should be people who are unchurched and in need of salvation. Then begin to pray for them.
