

Parent Meeting – June 17, 2020

-Pray for direction and safety

-Items to discuss:

-Temperature checks

-All leaders will be checked before services

-Suggest all students be checked when arriving. After discussing with parents, and realizing that students could have an elevated temperature if they had been outside for any length of time, we decided that we would not require temp checks, but would offer it if they wanted.

*Please don't allow students to attend Youth if they aren't feeling well, or have any symptoms or fever. And please don't allow them to attend if they have been around anyone who has been sick.

-Washing hands

-Everyone will be asked to use hand sanitizer when arriving and departing.

-Everyone will be repeatedly reminded to wash hands often.

-Social Distancing

-We will do our best to remind students to social distance as much as possible. However, they are students/social/and are going to gather.

-When teaching, students will be seated around 6' apart.

-As much as possible, we will try to break up students into smaller groups in different areas of the church.

-Wearing Masks – Leaders will be wearing masks.

We suggest that students wear them as well.

We had lots of discussion about masks, and had different opinions. We ended on this: At least for the immediate time:

-All students will wear masks (they can bring their own, or use the ones we have)

-During games/activities they will be allowed to remove masks.

-During worship everyone will be wearing masks.

-During teaching everyone will be 6' apart and may remove masks.

-Schedule will most likely change in the fall and when virus threat is diminished.

-Rules

-We always expect students to follow our rules. We will expect students to follow the rules concerning social distancing/safety that we set as well. We are going to do our best to protect everyone against this virus, so if they refuse to follow those rules, parents will be called to pick up students, and they will take a break until they are willing to follow the rules.

Here are the rules regarding safety that we will use:
